DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Tuesday, 07 May 2024 at 03:28 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Light winds will allow areas of Moderate air pollution to develop through parts of Wales and central England with isolated pockets of Moderate elsewhere. Otherwise air pollution levels will be Low.

Tomorrow: Light winds will allow areas of Moderate air pollution to develop through parts of Wales and central southern England with isolated pockets elsewhere. Otherwise air pollution levels will be Low.

Outlook: Increasingly widespread Moderate air pollution levels will develop through the outlook period with widespread Moderate air pollution across the entire United Kingdom, away from the east coast, forecast by Saturday.
